Re: Your Public Records Request (sent via email)

Dear Ms. Farkus:

On February 7, 2019, the California Department of Education (CDE) received a request for records pursuant to the Public Records Act (CPRA) (Gov. Code § 6250 *et seq.*) from you via email.

On February 8, 2019, the CDE responded to you, asking that you narrow the scope of your request as it was nonspecific and unfocused.

On February 13, 2019, the CDE received a revised request for records from you via email. You requested the following:

Emails and memos from the Executive Office and Systems Support Branch within the Jan. 14-20, 2019 time range containing the keywords "strike" or "teachers strike."

The CDE has reviewed this request and has preliminarily determined that it has responsive records. However, because proper processing of this request requires the need for consultation among two or more divisions within the CDE, the CDE does not have sufficient time within the ten day timeline to determine whether your request, in part or in whole, seeks copies of disclosable records responsive to your request. (Cal. Gov. Code, § 6253(c)(3)). The CDE will provide you with a determination regarding the responsive records it has no later than March 8, 2019.

Please be advised that your request for records, and the CDE's response to it, are themselves public records and may be disclosed to the public should CDE receive a request for disclosure. Please direct future correspondence regarding your request for public records related to this request to my attention.

Sincerely,

Cynthia Butler
